BOBAN MARKOVIC ORKESTAR

Title:

BOBAN I MARKO

Subtitle:

BALKAN BRASS FEST

Short-info:

The Boban Markovic Orkestar is undoubtedly the best Balkan gypsy brass band, famed for their contribution to the soundtrack of Emir Kusturica's *Underground*. If they easily enrapture a live audience, they display equal ingenuity and exactitude when it comes to studio work. This album features 15-year-old Marko Markovic - son of the bandleader and, true to gypsy tradition, a young man deeply attached to his instrument ever since he took his first breath.

Quote:

„It's like being injected intravenously with a life-giving drug. Markovic's music might sound wild and improvised, but actually it's meticulously worked out and rehearsed.“ Simon Broughton, *Songlines*
