BOBAN I MARKO MARKOVIC ORKESTAR

Title:

GO MARKO GO!

Subtitle:

BRASS MADNESS

Short-info:

Promise fulfilled! Boban Marković, the "King of Balkan Brass" is joined on this original PIRANHA release by his son Marko, upon his coming of age, for a dual reign supreme. Like father, like son, Marko is driving off in new directions, furthering the Orkestar's reputation as innovators with their free appropriation of latin, jazz, funk and other international influences into the time-honoured traditional framework which remains at the big beating heart of the music.

Quotes:

"These genuine Gypsy Kings turn on a dime effortlessly, their melodies sustained on the air like hovering strings or respiring like a celestial organ. Europe and Asia collide and myths as well as music are thrown skyward by this natural & cultural upheaval." *Alastair Johnston, www.muzikfan.com*

"Some music is for the head, some is for the feet and some is for the heart. The Boban i Marko Marković Orkestar plays music for the whole body." *Herald Times*
